MESSAGE FROM 20-21 PRESIDENT, MARLENE JOHANSON

At the beginning of the 2020, none of us were prepared for what lay ahead or how many in our community would be impacted. United Way staff, donors, volunteers and our entire community came together immediately to raise funds and address critical needs. We helped our community members who were most impacted by the pandemic and economic downturn get the relief and support they needed.

As our community continues to recover from the pandemic the need is still great. Facing the continued challenges will take every one of us. The future will be different than we imagined. But it can also be better than we could ever dream.

Thank you for your investment and involvement with our United Way.
